FF-WM-2X

Product Description

The Multilink Fiber Force FF-WM-2X is a very compact wall mount fiber distribution unit designed to support patching and splicing in one unit. The unit has 2 adapter panel positions allowing for the termination of a wide variety of fiber connector styles. The unit has an inner swing out panel that stores pigtail slack and reveals the storage area for the enclosures splice tray. Two outer doors with a lockable network compartment are designed to maintain termination security. The FF-WM-2X is one of a family of units that support fiber termination and splicing in wall mount applications.
